

EQUESEANTIAL WELLNESS & STABLES

EQUINE ART, GIFTS & EQUINESHARED EXPERIENCES
Sustainably-Conscious & Woman-Owned

Hey there horseygirl! We hope that you are having an incredible summer of sun-kissed fun and adventures living your best, healthy life! Raine and I have been enjoying our mornings and cool nights painting, creating and planning and he even helped me study to pass the test for my art therapy certification earlier this month-whoohoo thank you Raine! Great news, our Heartfelt Hoofprints is now a registered trademark for our products and programs. Also, you can now find our sustainably-conscious art and gifts in Medina, Ohio at Bella Moxie Company and Burning River Ranch Boutique.

If you haven't yet, we would love to have you join us at one of our new unique workshops. In our WaterColors Workshop, we make sustainable, non-toxic NaturalWaterColor, paint with it and create amazing art. In our Art Bar Workshop, you pick a piece of recycled glass, organic paper, reclaimed wood...with Raine's "RaineSplash" painted on it, pick your medium, then paint and accessorize it with beachglass, shells or whatever you like. And, of course, our EqueSeantial Ladies Nights are YOUR night out to get together with Raine to paint, laugh and relax. *See page 2 for event photos and current specials.*

Raine has started painting his collection of "RaineSplashes" for awareness to protect our Wild Horses & Burros and Oceans. His collection of original pieces along with prints and notecards are now available for purchase.

On July 30, 2024 we are celebrating four years strong! Wow! It has certainly been an amazing journey and we are forever grateful to each of you for believing in us, supporting us and inspiring us! August 2nd is day 366 ~ the last day of "366 Days of Raine" ~ in celebration, watch for our new collection of eco-friendly tee's and logo wear. Cheers to an amazing summer!

♥ Raine & Doreen

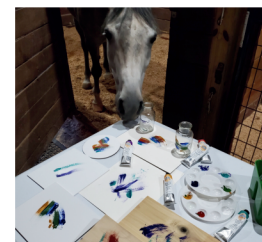

Painting for Awareness ~ Wild Horses & Burros

"I create art from my heart with my heart horse, Raine ~ and he paints for awareness"

Raine is painting beautiful abstract art for awareness to protect our wild horses & burros. He is spreading the word that they need our help. Everyone who knows me, knows that I am very passionate about horses and that I hold positive space and try to see the best in every situation. Please know that I have written a very brief summary (as positively as I possibly could with tears) of what our beautiful wild horses and burros are encountering daily at the BLM gatherings. I will let you read, do your own research, and decide for yourself if you might help.

It's a quiet, peaceful morning with wild mustangs and burros grazing with their families somewhere on the plains of the western U.S. The wind suddenly brings the sound of helicopter blades coming near and nearer. The sound of hoofbeats beating fast and then faster. You see these wild horses are being herded by helicopter from their freedom. A freedom they may never know again. There are over 60,000 wild horses in long-term holding. Long-term holding is a corral that houses 60-100 horses without shade or shelter in all climates and dust...with all they have left to look forward to is their next meal (imagine being in a prison where you did nothing wrong). These are the very horses that survived the chase by the helicopter in the heat miles to and into the trap (corral), survived the cramped steel trailer ride, survived temporary holding, survived the fate of the auction, offered for and not adopted, and not chosen to be part of the fertility program! So most will never be returned to their land. The BLM (Bureau of Land Management) calls this a gathering, which is actually the removal of horses in numbers because they say there are too many. The BLM's summer roundup season officially began on July 1, 2024 and as of July 26, 2024, **4,195** horses have been captured. You are probably thinking why is this happening when we have the Wild Free-Roaming Horses and Burros Act of 1971 in place to protect them? Raine and I encourage you to please visit American Wild Horse Conservation (AWHC) at www.home.americanwildhorse.org and educate yourself and learn what we can do to keep our wild mustangs and burros free. We need to be their voice! This has been going on for too long and we need to do something before they are "zero'd out".

We are forever grateful to the photographers and observers who are there for our wild horses & burros and keeping us informed!

Please join Raine and I on Wednesday, August 28 at 7pm and on Monday, September 30 at 7pm to discover and learn how we can all make a difference for our beautiful wild horses & burros and oceans. We will paint in their honor.

Raine's Heartfelt Hoofprints RaineSplash Wild Horses Series original art pieces, prints and notecards are available for purchase ~ a portion of the proceeds will be donated to American Wild Horse Conservation

I might be just a girl and her horse but if we can touch even one person today, we are mighty!

August 2024

Saturday, August 3

**1 pm ~ HorseSeaColors of Raine Workshop ~

HorseSeaColors of Ruine Coloring / Sketch Book

Doreen Chester

Fresh Garden Salsa

by Doreen

- 6 fresh roma tomatoes
- 2 fresh cloves garlic
- 4 fresh green peppers
- 1 fresh onion
- 1 fresh jalapeno pepper (remove seeds)
- cilantro
- 1 lime
- dash sea salt
- dash pepper

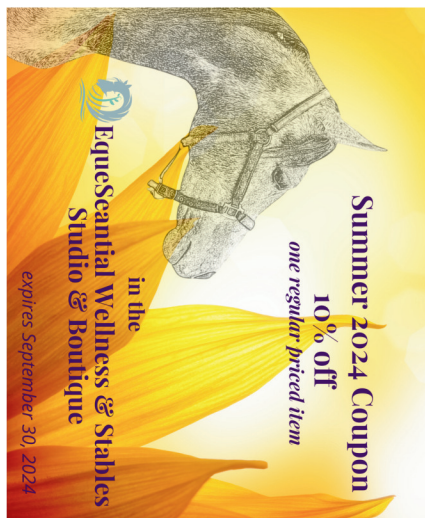

Wash and dry all the veggies. Add each ingredient separately in an electric chopper. Chop each ingredient. Add chopped veggies in a large bowl. Squeeze lime, salt and pepper to taste. Mix gently but well. Let sit for 1-2 hours in fridge. Enjoy with your favorite tortilla chips or veggies.

The Studio & Boutique at EqueSeantial Wellness & Stables is open by appointment call or text Doreen at 330.416.7955

gift certificates also available

EQUESEANTIAL DESIGNS

by Doreen

Our Sustainable Difference

We are proud of our sustainably-conscious choices and want to thank you for purchasing our products and attending our workshops because you too are making a difference!

Art Materials & Mediums ~ We started out 4 years ago doing our best choosing paints for our paintings and workshops. On January 1, 2025 we are committed to using natural, non-toxic earth pigment paints in all of our painting and workshops that are safe for you, Raine and our environment! We will be making our own paints as well as using natural products from Natural Earth Paint who we are also an affiliate of.

Eco-Friendly Apparel ~ We have partnered with a print on demand (POD) company to print our 366 Days of Raine line of tees and our EqueSeantial Wellness & Stables logo wear. POD is our perfect choice for reducing our carbon hoof print, avoiding overproduction and textile waste. Our tees are 100% combed and ring-spun cotton printed DTG (direct to garment) with Oeko-Tex™ certified, vegan, water-based inks. Our unstructured hats are 100% chino cotton twill embroidered with OEKO-TEX® certified thread. They will be packaged in post-consumer recycled (PCR) plastic or paper or cardboard mailers.

Business Cards, Earring, Necklace & Art Print Cards ~ All printed in house on plantable seeded paper made from recycled and eco-friendly paper that is biodegradable (zero-waste) embedded with non-gmo & non-invasive wildflower seeds; Bird's Eye, Clarkia, Black Eyed Susan, Sweet Alyssum, Catchfly and Snapdragon.

Prints, Cards, Stickers & Books ~ All of our prints are printed in house on 100% cotton, acid-free, archival grade paper made in the USA, wrapped in a clear sleeve derived from plants with a 100% recycled backing board. Our cards are printed in house on 100% cotton rag, acid-free, archival grade paper made in the USA or on stock containing 10% post-consumer recycled content, archival safe, acid-free, and FSC certified and endorsed by the Rainforest Alliance. Our stickers are made from sustainably sourced wood pulp. Our books and journals are printed and bound in Ohio; printed on recycled, acid-free paper; certified by SFI or FSC and spiral bound using recycled materials.

Packaging for Shipping ~ we use all recycled, reused, and repurposed kraft, cardboard, recycled paper and post-consumer recycled plastic and 100% compostable mailers.

Photo credited to Barb Wright

I was overjoyed when I received this amazing photo from Barb Wright a few weeks ago.

Barb planted the seeded card that she received with her earrings last year and these beautiful blooms are the result of the seeded paper we use at EqueSeantial Wellness for our business cards, jewelry and prints.

Barb gets to enjoy her earrings and her flowers!
